## **Paving May Increase Noise Levels along Dulles Connector Road Nightly May 2-8**

Residents who live along sections of the Dulles Connector Road (Route 267) from slightly east of Idylwood Road to Pimmit Run in the McLean/Falls Church area may hear noise related to paving work overnights Monday, May 2, through Saturday, May 8.

Paving in the westbound lanes is scheduled to occur weeknights from 9:30 p.m. to 5 a.m. and on weekends from 10 p.m. to 9 a.m.

Every effort will be made to minimize the noise associated with this work. **However, paving is an extremely dangerous activity and will require the use of backup alarms to ensure workers' safety.**

The work also will affect drivers using the westbound lanes of the Connector Road because lanes will be shifted slightly in this area.

The work is part of construction of the Dulles Corridor Metrorail Project.

Police will be onsite at all times for motorist safety.

*For construction-related emergencies including noise, please use the project HOTLINE at 877-585-6789. For further information about the project, please visit our project website at [www.dullesmetro.com](http://www.dullesmetro.com) or call 703-572-0506.*
