## **REMINDER: Bridge Construction to Continue TONIGHT over Westpark Drive/Gosnell Road at Route 7**

The Dulles Corridor Metrorail Project bridge span construction along the median of Route 7 is under way at the Westpark Drive/Gosnell Road intersection in Tysons Corner. This requires the middle part of the intersection to be closed overnights.

Weather permitting, these closures will be in place tonight from 11 p.m. to 5 a.m., and continuing Sundays through Fridays for the next four to six weeks.

Thru traffic along both directions of Leesburg Pike (Route 7) still will be allowed, but left turns and U-turns will not be allowed at the intersection. For safety reasons, thru traffic on Westpark/Gosnell will not be allowed, and will be detoured by using Route 7 as follows:

A horizontal crane is being used to build portions of the bridges for rail tracks in the middle of Route 7. Photo: Shea Daugherty, Dulles Transit Partners

- Southbound Westpark Drive thru traffic and motorists wanting to turn left on to eastbound Leesburg Pike will need to turn right on to westbound Leesburg Pike, then U-turn at either Spring Hill Road or Tyco Road, and continue on eastbound Leesburg Pike towards Gosnell Road.
- Northbound Gosnell Road thru traffic and motorists wanting to turn left on to westbound Leesburg Pike will need to turn right on to eastbound Leesburg Pike, pass under Route 123, turn left on International Drive, left on Chain Bridge Road (Route 123), then take the exit ramp to Route 7 to turn right on Westpark Drive.

Police will be onsite. Motorists are urged to use extreme caution, and pay attention to signage. All work is weather-dependent and subject to change.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789.
