## **TRAFFIC ALERT: Shoulders of Idylwood Road Temporarily Blocked This Week for Major Equipment Deliveries**

Drivers using Idylwood Road between Route 7 and Great Falls Street in the Falls Church/McLean area that should be aware that five large, white prefabricated structures are temporarily parked in the wider shoulder areas along Idylwood Road. Areas affected are near Norwalk Street, Lemon Road School and the curve near the Route 7 intersection.

Drivers should use extreme caution when driving this busy road.

The structures are components of a traction power substation being built for the Dulles Corridor Metrorail Project.

*For construction-related emergencies, please call the Dulles Corridor Metrorail Project Hotline at 877-585-6789. For additional information about the project, please visit our project website at [www.dullesmetro.com](http://www.dullesmetro.com) or call 703-572-0506.*
