REMINDER: Overnight Closures at Spring Hill Road/Route 7 Intersection Friday Night, Dec. 30

Drivers using northbound and southbound Spring Hill Road at Route 7 in Tysons will experience detours overnights resuming tonight, Friday, Dec. 30, from 11 p.m. to 5 a.m. Thru traffic on Spring Hill Road will not be permitted to cross Route 7 because of bridge construction over that intersection for Dulles Corridor Metrorail construction.

Thru traffic on eastbound and westbound Route 7 will not be affected. Turns from eastbound Route 7 on to northbound Spring Hill Road will not be permitted. Turns from westbound Route 7 to southbound Spring Hill Road also will not be allowed.

Here is how the detours will work:

- Southbound Spring Hill Road thru traffic **and** motorists wanting to turn left on to eastbound Leesburg Pike will need to turn right on to westbound Leesburg Pike, then U-turn at Tyco Road/Westwood Center Drive, and continue on eastbound Leesburg Pike toward Spring Hill Road.
- Northbound Spring Hill Road thru traffic **and** motorists wanting to turn left on to westbound Leesburg Pike will need to turn right on to eastbound Leesburg Pike, U-turn at Westpark Drive/Gosnell Road, and continue on westbound Route 7 to access Spring Hill Road.

Drivers should expect approximately 10- to 15-minute travel delays if traveling through this area during these closures, which are expected to last through the end of the year.

Police will be on site. Motorists are urged to use extreme caution, and pay attention to signage. All work is weather-dependent and subject to change.

New Year's Holiday Schedule

With the exception above, there will be no lane closures on the Dulles Corridor Metrorail Project Saturday, Dec. 31 through Monday, Jan. 2, in observance of the New Year's holiday. Work is scheduled to resume on Tuesday, Jan. 3. All of us on the project would like to wish you a happy and safe New Year.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789.
