Reminder: Westbound Dulles Access Highway Lane Closures Continue at Difficult Run

The left lane of westbound Dulles International Access Highway (DIAAH), will continue to be closed between 8 a.m. and 2 p.m. over the next two weeks from the Beulah Road overpass to just beyond mile marker 8.7.

The lane closure is necessary to allow steel girder erection for the bridge that will carry the Dulles Corridor Metrorail expansion over Difficult Run. During this phase of construction, a crane will be positioned in the left lane and the area will be very active with trucks carrying large girders and equipment will be pulling into and out of the site throughout the day.

Please stay alert and use extreme caution when driving through this area.

If you have construction-related emergencies, please call the Dulles Corridor Metrorail Project Hotline at 877-585-6789. For further information about the project, please visit our project website at www.dullesmetro.com or call 703-572-0506.
