## **Ramp from Westbound Route 7 to Southbound Route 123 Expected to Reopen This Wednesday**

There is good news for drivers in Tysons Corner. The ramp from westbound Leesburg Pike (Route 7) to southbound Chain Bridge Road (Route 123) that has been closed since Sept. 2010 is scheduled to reopen Wednesday, Nov. 30, weather permitting.

This ramp was closed to enable the Dulles Corridor Metrorail Project to construct of the west end of the tunnel that will connect the Tysons Central 123 and Central 7 stations.

Road crews have been working on restoring that ramp for about three weeks. All work is weather pending and subject to change. Additional information will be provided as the final ramp reopening is scheduled.

Rail to Tysons Corner and Wiehle Avenue in Reston is expected to open in late 2013.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789. For general project information: [www.dullesmetro.com](http://www.dullesmetro.com) or 703-572-0506.
