REMINDER: Paving along Both Directions of Leesburg Pike (Route 7) at Westpark Drive/Gosnell Road, Tyco Road Intersections This Week

Drivers using both directions of Leesburg Pike (Route 7) and Westpark Drive/ Gosnell Road will experience traffic slowdowns overnight this week.

Dulles Corridor Metrorail Construction crews will be abandoning an old water line and restoring pavement on both directions of the road. The majority of these operations are scheduled for the overnight hours on Tuesday through Thursday nights.

Thru traffic on Leesburg Pike (Route 7), Tyco Road and Spring Hill Road will be maintained while work is completed. However, the turn lanes from both directions of Leesburg Pike (Route 7) on to Westpark Drive and Gosnell Road will be closed. Traffic will be detoured to access Westpark and Gosnell by U-turning at the next intersection and turning right on to those streets.

Noise warning: Every effort will be made to minimize the noise associated with this work. **However, paving is an extremely dangerous activity and will require the full use of backup alarms to ensure workers' safety.**

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789. For general project information: www.dullesmetro.com or 703-572-0506.
