Important Lane Closures April 26-30, 2010

Tysons Boulevard Detour to Begin Friday Night, April 30

Beginning overnight Friday, April 30, the left turn lane from northbound Route 123 to westbound Tysons Boulevard will be closed for approximately two months. This work had been scheduled to begin April 23. Throughout the duration of the two-month closure, drivers will still be able to make the right turn to Tysons Boulevard from southbound Route 123. Details about this closure are on the Dulles Metro homepage (www.dullesmetro.com).

On Friday night, crews will close the turn lanes from both directions of Route 123 on to Tysons Boulevard to divert traffic from the closure. Though one suggested detour is to use International Drive to Galleria Drive, drivers are encouraged to use alternate routes to avoid this closure during the next two months.

Crews will be installing caissons and piers across Tysons Boulevard to support the aerial structure that will carry the future rail line tracks along the northwest side of Route 123.

Leesburg Pike (Route 7) Construction Work Preparing for Traffic Shifts

Drivers in Tysons Corner will encounter Dulles Rail project construction along east and west bound Leesburg Pike (Route 7) between Chain Bridge Road (Route 123) and the Dulles Toll Road (Route 267).

Also, construction continues on retaining walls and service road closures in front of the shopping centers along eastbound Leesburg Pike (Route 7) in preparation for the major traffic shifts in the median around where the two future Metro stations will be built. The first major traffic shift is expected in mid-May.

Work on Leesburg Pike (Route 7) is scheduled for daytime and nighttime hours all next week.

For example, the left thru lane and midblock left turn lane of westbound Route 7 will be closed Tuesday night, April 27 from 9:30 p.m. to 5 a.m., and significant work will take place at night near Gosnell Road, Spring Hill Road and Westwood Center Drive. (See details of this events and other Route 7 work below.)

Police will be on site to ensure motorists safety at work sites in this area.

Route 7 at Frontage Road Day and Night Work Planned

Flaggers will help direct traffic at Frontage Road and Leesburg Pike (Route 7) weekdays Monday, April 26, through Friday, April 30 and at night on Friday night, April 30 until midnight. Starting Sunday, April 25 through Saturday, May 1 from midnight to 7 a.m., Frontage Road will be completely closed and a detour will be in place. (See below for details).
