Important Lane Closures, Jan. 2-8, 2011

Overnight Closures of Westpark Bridge Rescheduled to Begin Next Week

Westpark Bridge, which connects Westpark Drive to Tysons Corner Center over Route 123, is now rescheduled to begin overnight closures Monday night, Jan. 3. The bridge will be closed Monday, Jan. 3, through Friday, Jan. 7, from 11 p.m. to 5 a.m. All dates are weather permitting.

Traffic on Westpark Drive will be directed to detour by staying on Westpark, turning left on International Drive, then left on Chain Bridge Road (Route 123) to enter Tysons Corner Center on the right. An alternate route would be to use Tysons Boulevard, which also allows drivers to turn left on International Drive to Chain Bridge Road.

Bridge construction crews using the massive blue-and-yellow crane (called a truss) will be lifting segments into place over the road, and traffic will not be allowed to travel underneath for public safety reasons. Drivers should expect Westpark Bridge to be closed some overnights through January until the bridge work is complete and the truss moves west toward Tysons Boulevard.

Dolley Madison Boulevard (Route 123) to Close at Dulles Connector Road (Route 267) Overnight Jan. 3-7, Also for Bridge Construction

The southbound lanes of Route 123 at the Dulles Connector Road (Route 267) may be closed overnight between 11 p.m. and 5 a.m. Monday, Jan. 3 through Friday, Jan. 7. The exit ramp from westbound Route 267 to southbound Route 123 also would close concurrently.

Traffic will be directed to detour by turning left on Great Falls Street, right on [Old] Chain Bridge Road, then right on Anderson Road to rejoin the southbound lanes of Route 123.

These closures are expected to continue *intermittently* overnights as needed over the next two to three weeks as the bridge construction moves over Route 123. All lane closures are weather dependent.

Westbound I-66 Closure Resumes Saturday Night, Jan. 8

I-66 westbound is scheduled to close overnight at the Dulles Connector Road (Route 267) split Saturday, Jan. 8, between 11 p.m. and 5 a.m., for Dulles Corridor Metrorail Project construction. Crews will be doing bridge work over the interstate. For safety reasons, traffic cannot be allowed to flow under this construction work.

Thru traffic will be detoured on to the Dulles Connector Road westbound, then on to Route 123 south toward Tysons Corner, to a right turn on to the ramp to the Capital Beltway south toward Richmond. Drivers can then rejoin I-66 from the Beltway. Local traffic can use exits prior to the detour area.

Late Night Water Line Work to Close Spring Hill Road at Route 7; Detours Required

Construction on a major water line will force a full closure of the northbound and southbound lanes of Spring Hill Road at Leesburg Pike (Route 7) overnights next week. This work is scheduled to begin Monday night, Jan. 3, and continue through at least Jan. 8.

Detours will be in place from 9:30 p.m. to 5 a.m. nightly Monday through Thursday and from 9:30 p.m. to 7 a.m. Friday night, and Saturday night from 9:30 p.m. to 9 a.m. Traffic will be directed to use Westpark Drive, Greensboro Drive, and/or Tyco Road.

Police will be onsite for motorist safety and to direct detour traffic. Drivers should exercise extreme caution and pay attention to all signage if traveling through this intersection.

Holiday Schedules

Unless listed otherwise, there will be no road closures between noon Thursday, Dec. 30, and noon Monday, Jan. 3, in observance of the New Year's Day holiday.

Except for some critical work, Dulles Corridor Metrorail Project construction will also be off Friday, Dec. 31, and Saturday, Jan. 1, 2011. Some crews may be on standby in case snow removal is needed. All project offices will be closed until Monday, Jan. 3, 2011.
