Important Lane Closures Jan. 18-22, 2010

Holiday Work Schedule

With some exceptions noted below, there will be no lane closures scheduled on Monday, Jan. 18 in observance of the Martin Luther King, Jr. holiday. Lane closures will resume after noon Tuesday, Jan. 19.

Overnight Ramp Closure

The ramp from eastbound Leesburg Pike (Route 7) to the eastbound Dulles Toll Road (Route 267) will close overnights, between 10:00 p.m. to 5:00 a.m., Mon., Jan. 18 through Wed., Jan. 20. Crews will perform utility work in this area.

Drivers can access the eastbound Dulles Toll Road by staying on eastbound Leesburg Pike (Route 7), turning left on Spring Hill Road, and following Spring Hill to the intersection with the Toll Road.

I-66 Lane Shift Next Friday Night

Construction crews will be slightly shifting the lanes of I-66 eastbound from just west of the Dulles Connector Road (Route 267) interchange and Great Falls Street, overnight on Friday, Jan. 22. Between 10:30 p.m. and 5:00 a.m., the right and center through lanes will be closed, and then between 5:00 a.m. and 9:00 a.m. early Saturday morning, Jan. 23, they will re-open those lanes and close the left thru lane to complete the lane shift.

Right Lane Closure on Dulles Toll Road Near Hunter Mill Road

Crews will close the right lane of the westbound Dulles Toll Road (Route 267) from approximately one mile west of Hunter Mill Road, to Hunter Mill Road, to set concrete barriers. This closure will occur Monday through Thursday, Jan. 18 to Jan. 22 from 9:30 a.m. to 3:30 p.m., and Friday, Jan. 23 from 9:30 a.m. to 3:30 p.m.

Daytime Lane Closure on Leesburg Pike (Route 7)

The left lane of Leesburg Pike (Route 7) will be closed Tuesday through Friday between Westpark Drive/Gosnell Road and Spring Hill Road, so crews can work on excavation, stone placement and asphalt paving in that area.

Reminder: Gas Line Work Near Capital One Building Resumes Tuesday

Beginning Tuesday, Jan. 19, crews from Washington Gas will resume gas main installation near the Dolley Madison Boulevard (Route 123) and Capital One Drive. This work will be performed overnights, and will require closures of some lanes along Route 123, Capital One Drive, and Old Meadow Road. Traffic to access Capital One will be detoured via Scotts Crossing Road. This work is expected to complete by Friday, Feb. 5.
