Important Lane Closures July 26-30, 2010

More Lane Shifts of Westbound Leesburg Pike (Route 7) Begin Tonight, Friday, July 23

Beginning Friday night, July 23, traffic using westbound Leesburg Pike (Route 7) just west of Route 123 will shift slightly around the future Tysons Central 7 Metro station near the entrance to SAIC and Frontage Road.

Additional lane shifts in this area around the station work area are expected over the next month. Details will be released later.

Major Paving Operations along Leesburg Pike (Route 7) Continue

During overnights all next week, crews will continue paving all along both directions of Leesburg Pike (Route 7) between the Dulles Toll Road (Route 267) and Chain Bridge Road (Route 123), as well as adjacent roads, including Tyco Road, West woodCenter Drive, Spring Hill Road, Gosnell Road and Westpark Drive as well as the now abandoned service roads.

This paving signals the nearing completion of the two-year-long utility relocation efforts along this corridor, and prepares for the next phase of construction which will continue to widen the road for station and pier construction.

Detours are expected in several locations along Route 7.

Drivers, pedestrians and bicyclists are advised that paving is an extremely dangerous activity, so backup alarms may be used for safety reasons. However, crews will make every effort to reduce nighttime noise without compromising worker safety.

Overnight Ramp Closure Rescheduled: Southbound Route 123 to Southbound I-495 Capital Beltway (Outer Loop)

The ramp from southbound Route 123 to southbound I-495 will be closed between 11 p.m. and 5:00 a.m. overnights Monday, July 26 and Tuesday, July 27.

To access the Beltway Outer Loop, drivers will be directed to follow southbound Route 123, then turn right on International Drive, right on Galleria Drive, right on Tysons Boulevard, then

make a slight left on to northbound Route 123 to make the immediate right on to the Outer Loop on-ramp.

Crews will be constructing a nearby pier. This work is being rescheduled from a previous date due to weather. Police will be onsite for motorist safety.

Daytime Lane Closures on I-66 Continue Next Week

The left lane of eastbound I-66 will continue to be closed between 9:30 a.m. and 3:30 p.m. Monday, July 26, through Thursday, July 29 and 9:30 a.m. and noon on Friday, July 30. This closure is necessary for pier construction in the median of I-66.

Magarity Road Overnight Closure Scheduled July 26

Recent rains forced the rescheduling work at the Magarity Road bridge at the Dulles Connector Road. Crews continue pouring concrete for the new bridge in the median of the Dulles Connector Road (Route 267).

Magarity Road may be closed between Olney Road and Great Falls Street overnight Monday, July 26, between midnight and 6 a.m., weather permitting. Drivers are encouraged to detour by using Anderson Road, Chain Bridge Road and Great Falls Street.
