## Important Lane Closures March 29- April 2, 2010

### Two Ramp Closures Monday and Tuesday Nights

- The ramp from the southbound I-495 Capital Beltway (Outer Loop) to southbound Route 123 will close overnight Monday, March 29, and Tuesday, March 30, between midnight and 5:00 a.m. Crews will be moving a crane between work areas. This detour will require drivers to use the other three ramps in the cloverleaf to access Route 123 southbound toward Vienna. Traffic will be directed to exit the Beltway to northbound Route 123, remain on the exit/entrance ramp, re-enter the northbound Beltway (Inner Loop) and then exit southbound Route 123.
- Also between midnight and 5:00 a.m. on Monday and Tuesday night, the exit ramp from the eastbound Dulles Connector Road (Route 267) to northbound Dolley Madison Boulevard (Route 123) will close for barrier setting and restriping. To access northbound Route 123, use the exit to southbound Route 123 and turn left (yield) at the intersection.
- Police will be onsite for both ramp closures for motorist safety.

### REMINDER: Scotts Crossing Road Narrowing Scheduled for Next Week

Part of the Tysons East station construction work area will require that Scotts Crossing Road be narrowed in both directions at the intersection with Dolley Madison Boulevard (Route 123). The number of lanes will be reduced to one lane westbound and one through lane and right-turn lane eastbound. This will make more room for the station to be built. Crews will begin demolishing the center island all next week, to set up the lane reduction, which is expected to be in place by April 2.
