Important Lane Closures, Jan. 23-29, 2011

Left Lane Closure on Dulles Connector Road (Route 267) Jan. 24-28

The left lane of the eastbound Dulles Connector Road (Route 267) will be closed mid-days between the I-495 overpass and the Old Chain Bridge Road overpass Monday through Friday, Jan. 24-28, for Dulles Metrorail Project construction.

The lane closings will be implemented between 10 a.m. and 3:30 p.m. Monday through Thursday, and 10 a.m. to noon on Friday.

Westbound I-66 Closed at Dulles Connector Road (Route 267) Saturday Night, Jan. 29

Interstate 66 westbound is scheduled to close overnight between the Dulles Connector Road (Route 267) split and Leesburg Pike (Route 7) on Saturday, Jan. 29, between 11 p.m. and 5 a.m.

Thru traffic will be detoured on to the Dulles Connector Road westbound, then on to Route 123 south toward Tysons Corner, to a right turn on to the ramp to the Capital Beltway south toward Richmond. Drivers can then rejoin I-66 from the Beltway. Local traffic can use exits prior to the detour area.

For safety reasons, traffic cannot be allowed to flow under this construction work.

Westpark Bridge to close nightly Jan. 23-28 starting Sunday

Westpark Bridge, which connects Westpark Drive to Tysons Corner Center above Route 123, will be closed Sunday, Jan. 23, through Friday, Jan. 28, from 10 p.m. to 5:30 a.m.

Traffic on Westpark Drive will be directed to detour by staying on Westpark, to turn left on International Drive, then left on Chain Bridge Road (Route 123) to enter Tysons Corner Center on the right. An alternate route would be to use Tysons Boulevard, which also allows drivers to turn left on International Drive to Chain Bridge Road.

The bridge is being closed because rail construction crews using a massive blue-and-yellow horizontal crane (called a truss) will be lifting segments into place above the bridge. All dates are weather permitting and subject to change.

Drivers should expect Westpark Bridge to be closed some overnights through the next few weeks until the bridge work is completed.
