Lane Shifts of Eastbound Route 7 from Dulles Toll Road to Tyco Road Set for Friday Night

A shift of the eastbound lanes of Leesburg Pike (Route 7) between the Dulles Toll Road (Route 267) and Tyco Road/Westwood Center Drive in Tysons Corner will be implemented overnight Friday, March 11, between 9:30 p.m. and 7 a.m.

Crews are currently finishing the necessary paving for this shift, including completing striping of the new lanes. In case of inclement weather, this traffic shift will be rescheduled for overnight Saturday, March 12.

Eastbound lanes will be shifted outward toward the south side of Route 7 by about 25 feet to create more room for pier construction in the median. This traffic pattern is expected to be in place for approximately one year.

*For construction-related emergencies including noise, please use the project **HOTLINE** at **877-585-6789**. For further information about the project, please visit our project website at www.dullesmetro.com or call 703-572-0506.*
