Lane Shifts of Eastbound Route 7 from Dulles Toll Road to Tyco Road Rescheduled to Monday Night

Shifts of Westbound Route 7 in Same Area Now Tonight

Tonight's previously scheduled shift of the eastbound lanes of Leesburg Pike (Route 7) between the west side of the Dulles Toll Road (Route 267) and Tyco Road/Westwood Center Drive has been rescheduled to occur overnight Monday, March 14, between 9:30 p.m. and 7 a.m.

Eastbound lanes will be shifted outward by about 25 feet to create more room for pier construction in the median. This traffic pattern is expected to be in place for approximately one year.

However, crews will be implementing another slight shift of the westbound lanes of Route 7 between Spring Hill Road and Tyco Road overnight tonight, Friday, March 11. They will also be modifying the left-turn lane from eastbound Route 7 on to Tyco Road. Crews should have these minor roadway changes completed by 9 a.m. Saturday morning.
