Three Southbound Lanes, Two Ramps at I-495/Route 123 Interchange to Close Overnight Thursday, Dec. 8

Weather pending, the **three left lanes** of southbound I-495 will be closed again Thursday night, Dec. 8, from Old Dominion Drive to Route 123 for ongoing Dulles Corridor Metrorail Project bridge construction.

In addition, **two ramps** at this intersection will also close tonight. Ramps and detours are as follows:

- **Ramp from southbound Route 123 to southbound I-495** – Traffic will be directed to stay on southbound Route 123, turn right on International Drive, right on Galleria Drive, right on Tysons Boulevard, then a slight left on northbound Route 123 to an immediate right entrance on to southbound I-495.
- **Ramp from southbound Route 123 to northbound I-495** – Follow the same detour as above, **except** use the entrance ramp on to northbound I-495, which is now back to a right exit.

These closures are scheduled from 11 p.m. to 5 a.m. Drivers are encouraged to stay alert, use extreme caution, and heed police directions and detour signage.

As a reminder, multiple lane closures in either direction of the beltway will be closed at the Route 123 intersection through the end of the year as Dulles Corridor Metrorail bridge construction nears completion.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789. For general project information: www.dullesmetro.com or 703-572-0506.
