## **No Lane or Ramp Closures at I-495/Route 123 Interchange Tonight, Saturday Night**

Dulles Corridor Metrorail Project construction crews will not close any lanes or ramps at the I-495/Route 123 interchange in Tysons Corner tonight or Saturday night, Nov. 4-5. This work is expected to resume overnight Sunday, Nov. 6.

However, the I-495 HOT Lanes Project **will** perform significant traffic modifications at this interchange over the weekend. [View details here](#) on the HOT Lanes website.

As a reminder, overnight lane closures in both directions of I-495 can be expected for Dulles Metro construction through the end of the year. Information on specific lane closings will be announced as they are scheduled.

*A 24/7 emergency hotline is available for construction-related issues: 877-585-6789.
