## **UPDATE: No Beltway Closures Friday Night; Ramp from Southbound I-495 to Southbound Route 123 to Close Saturday Night**

Due to the forecasted low temperatures tonight, the previously announced closure of the exit ramp from southbound I-495 to southbound Route 123 in Tysons Corner will be rescheduled to Saturday night, Nov. 19, from 10 p.m. to 5 a.m., for overhead bridge work, according to the Dulles Corridor Metrorail Project.

Traffic will be directed to continue on southbound I-495 and exit Leesburg Pike (Route 7) west. Then drivers can turn right on International Drive to access both directions of Route 123 (Chain Bridge Road).

Police will be onsite for motorist safety. As a reminder, various lane and ramp closures at the I-495/Route 123 interchange should be expected through the end of the year as bridge construction nears completion.

All work is weather pending and subject to change.

A 24/7 emergency hotline is available for construction-related issues: 877-585-6789. For general project information: [www.dullesmetro.com](http://www.dullesmetro.com) or 703-572-0506.
